RESUME

Quality Engineer at Liferay for over 5 years, working on LATAM/EMEA-scale projects — from planning and running manual and automated tests to mentoring QAs. End-to-end automation with Selenium, Playwright, Cypress and Appium (Java, JavaScript, Python), with BDD/TDD/ATDD and CI/CD. A scientific background (M.Sc. in Biomedical Engineering) that brings investigative rigor to quality. Currently deepening my knowledge of functional programming and game development in personal projects (Gigaverse3D).

PROFESSIONAL EXPERIENCE

Quality Engineer — Liferay

Apr/2025 – Present · Recife, PE

- I lead quality activities on LATAM projects, focusing on E2E automation and platform migration validation.
- Planning/execution of test plans and cases; analysis of functional and visual regressions; technical mentoring of QAs.
- Stack: Java, JavaScript, Python · Selenium, Playwright, Cypress, Appium, JUnit, Cucumber, pytest · Jenkins, Jira.

Software Quality Assurance Consultant III — Liferay

Apr/2023 – Apr/2025 · Recife, PE

- Manual and automated testing (front-end and cross-platform): Selenium, Playwright (JS), BrowserStack (Java), Appium (Java), APIs (Postman).
- Mentoring new QAs; BDD, TDD and ATDD practices in an agile (Scrum) environment.

Software Quality Assurance Engineer — Liferay

Feb/2021 – Apr/2023 · Recife, PE

- Heavy use of functional automation with Java, JavaScript and Python (Selenium, JUnit, Cucumber, pytest, Playwright).
- Started through a training program (Front-end, Back-end and Testing); proprietary Poshi framework; CI with Jenkins/Testray.

Researcher — LBQ/BIONAT

Dec/2014 – Dec/2020

Technical lead for chemical and spectroscopic analyses of natural products and bioactives.

Teacher (Chemistry, Physics and Biology)

2011 – 2015 · Pernambuco school system

Middle school, high school and college-entrance prep.

EDUCATION

Systems Analysis and Development

Senac University Center · 2022–2024

M.Sc. in Biomedical Engineering

UFPE · 2014–2016

B.A. in Biological Sciences (Teaching)

Catholic University of Pernambuco · 2010–2013

CERTIFICATIONS

- JMeter — Performance testing
- Introduction to Kotlin
- Git and GitHub (beginner to advanced)
- HTML5 and CSS3
- IoT and Embedded Systems
